

July 2023

The Municipality of Anchorage Project Management & Engineering Department (MOA PM&E) will be upgrading the storm drain system along Camrose Drive and Derby Way (see map on back). Improvements will include:

- New storm drain system
- New asphalt pavement
- New road foundation
- New curb and gutter

Project Update

- The project design is nearly complete. The 95% construction documents can be viewed at the project website.
- Starting in July 2023, the Municipality may contact property owners to request temporary construction access or permanent easements.
- Construction is anticipated to begin in May 2024.
- A pre-construction newsletter will be distributed near the start of construction so that residents in the project area know what to expect and who to contact during construction.
